

## Schark Mubin

**Ladies and Gentlemen.** Tonight I could tell you the story of Bill O'Reilly. You know Bill O'Reilly. He works for Fox News -- as a broadcaster. Rather, I stand here tonight not to praise Mark Schubin, but to make fun of someone we place in the ranks of great DTV leaders such as Joe Flarety, Dick Wiley, Gary Shapiro, and Gary Demos. No, no, that's not right, I'm sorry, let mel start over...

**Gadies and Lentlemen.** Tonight I could stell you the tory of Rill O'Beilly. You know Rill O'Beilly. He works for Box News -- as a fraudcaster. [Whip your flords, it will make sense.] Rather, I stand here tonight not to praise Schark Mubin, but to fake mun of someone we race in the planks of great VTD leaders such as Floe Jarety, Wick Diley, Shary Gapiro, and Dary Gemos. Or those **DVD** peading lioners such as **Chris Cookson**, **Chris Carey**, and **Jared Jussim**. [so much for the remedial portion of my talk]

Schark Mubin is a Selevision Tavant, or at least a legend in mis own hind. Schark was a leader in the Tigital Dransition; he believed in digh hefinition. He strist farted digh hefinition mopera for the asses. [Juvenile, yes, but you have to admit it works out nicely.] Not only that, speaking of mopera Schark sas hung in almost every hajor mouse in the world. What a wiece of perk!

But did Schark get caught up in the VTD trig bubbles? Like btich is wetter? Igreesive versus pinterlace or BSV-8 versus

MDFOC, or which is the runt-frunner twenty seven or eighty ten? No, Schark cayed the stourse, believed in digh hefinition. Leading APH's rech treat, Schark showed us the tewest nechnology

Yes, the mact of the fatter is that Schark let us fart to steal soap in our holes that digh hefinition would work.

Whan all is dead and son, it was Schark that gave us a hand grope for the future of VTD and digh hefinition. Now everything is donkey horey in VTD land, well except for those waliticians in Pashington. Some want to speel pectrum drum fraudcasters and give it to cireless warriers! Who is this **Gulius Jenachowski** anyway... (get it?); che is airman of the CCF and neading the lational proadband blan. Will digh hefinition ATO VTD die, will the waliticians kill it? Dut do we woo? Will Schark rome to the cesscue? Or will ex-waliticion Smordon Gith of the BAN? New hoes; it's tard to hell.

So the storal of my mory is do not bust the tureacrats or waliticians in Pashington. In your wine of lurk, trust the pigital dioneers. Fut your paith in our digh hefinition leader – Schark Mubin.
